

SISS IB DP May 2024 Results

All IB students who were able to write final exams were awarded the IB diploma!
Congratulations dear 29 graduates!

The results have to be seen, once again, as a great success for all of them. One must never make the mistake comparing year groups with one another. All the IB teachers agreed that for this graduating class it was, indeed, amazing what the students have achieved. We are proud of you!

A big “Thank You” goes out not only to the IB teachers, science- and teaching assistants of the last two years but the whole SISS staff who guided these students successfully over the past many years!

Of the 29 graduates 10 were awarded the Bilingual Diploma. It is awarded if a student completes two languages selected from group 1 (English and German) with the final outcome being a grade 3 or higher in both.

The average points obtained by candidates who passed the diploma was a 33. The average grade obtained at the school by candidates was a 5.19. The highest diploma points awarded were an amazing 44! A forty-two or better is the equivalent to an “Abiturschnitt of a 1.00”.
